Coach Bill Maskill

The yearbook staff of 1975 would like to congratulate Coach Maskill for his impressive record throughout his 18 year career as head football coach at G-A. His record of 125 wins, 27 losses, and one tie rank him as the 7th most successful football coach in Michigan prep history. Maskill's teams have won 4 Class C State Championships (1962, 66, 67, 70), 7 consecutive KVA titles (1964-70), and 11 teams under his direction have finished their seasons undefeated or with only 1 loss.

Coach Maskill has also had a book written about his achievements, entitled "Football, We Love You" which is about the "Maskill Era" at Galesburg-Augusta since 1957.

To the 1975 Graduating Class:

I would like to extend my personal congratulations and best wishes to the Class of 1975. High School graduation always begins a new phase of life for everyone and is experienced only once. I sincerely hope that your experiences with the Galesburg-Augusta Schools will help you to cope with your adult life and increase your ability to accept your new responsibilities, whatever they may be.

John H. Wagar, Superintendent

1975

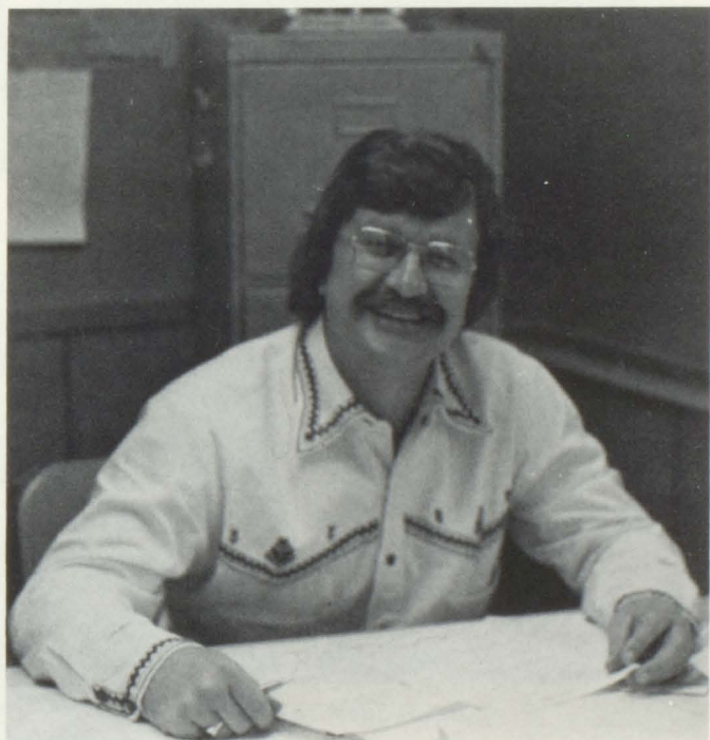

To the Class of 1975

This year has been one of opportunity for you and for me. I sincerely consider it a privilege to have, once again, been associated with you in our educational system. There are many complexities to life. There is frustration and despair. However, there is also hope and happiness available to each and every one of us. If each of you will be willing to take 'the chance' and do your utmost to take advantage of the opportunities which you will find present in your life, you will find your life to be rewarding and happy.

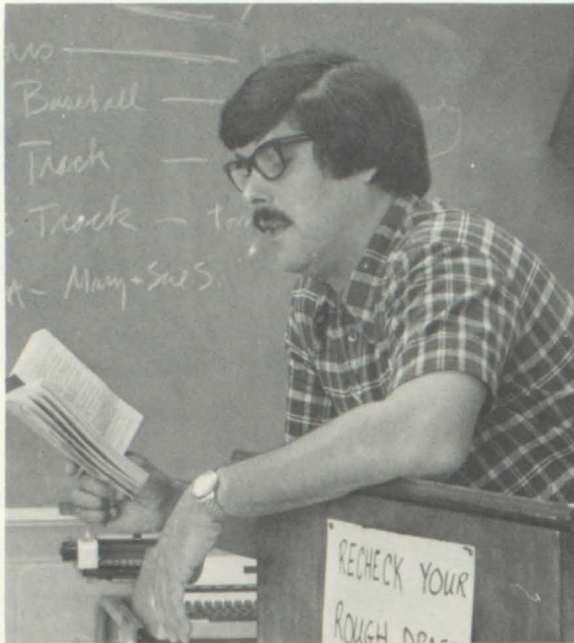

To have had the first-hand experience of having known most of you as Junior High students and seeing the fantastic growth of you as people has been both enlightening and rewarding. You have reaffirmed my faith in our young people today. I Thank You!

My best wishes to each of you as you commence your life outside of the Galesburg-Augusta Community School system. We have contributed in helping to prepare you for life. Show your appreciation for this preparation by making the most of the future opportunities with which you will be presented.

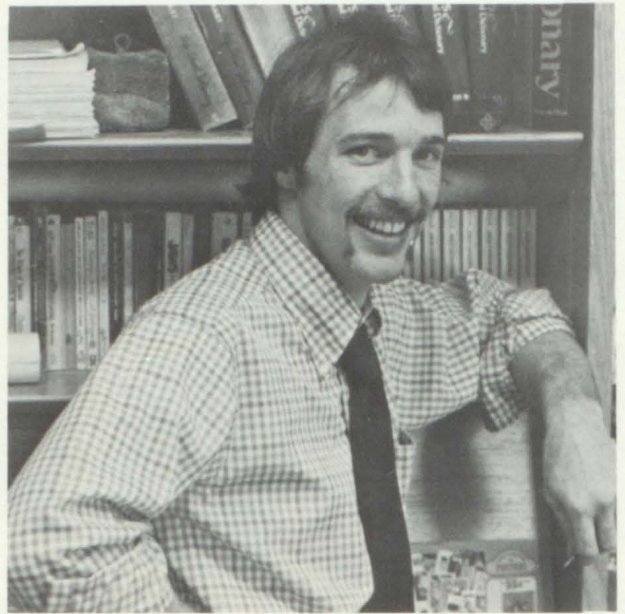

Sincerely,
James L. VanZandt

CURIOSITY NEVER RUNS ITS COURSE.

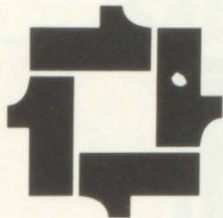

Curiosity has a kind of immortality. Like the mythical Phoenix, the desire to know continually springs forth anew. So we have emerged from the alchemist's curiosity to explore the boundless geometry of the molecule. And tomorrow's version of shaping matter will be even more awesome. But not alien, for it will have the familiarity of an old idea returned.

Curiosity is the heart of science, of progress, of research. And research is the lifeline of The Upjohn Company.

We continually remind ourselves that a good idea is never finished, but rather waiting for research to push it one step further. To that task we dedicate our resources.
